Drivers license and ID requirements

Driving Licences

Do I need to bring my driving licence with me?

Yes. All drivers must bring all parts of their valid driving licence with them. They must bring both their driving licence and either an international driving licence or an official English translation, by a notary, of their driving licence if:

- o Or a driving licence was issued in a non-European country, and you are renting outside that country
- o Or a driving licence was issued in a non-roman alphabet like Arabic, Greek, Russian, Hebrew or Japanese.

We do not accept digital driving licenses.

In addition to the driving license in the form of a physical document, the driving license in Poland is represented by a digital mPrawo Jazdy. We accept mPrawo Jazdy for renting a vehicle in Poland and verify its validity through mWeryfikator application.

ATTENTION: A driving license in a form of physical document is obligatory outside Poland, lack of it may result in a penalty for which we are not responsible.

Is there a minimum length I must have held my licence for?

Yes. All drivers must have held their licences for at least 1 year. If a licence does not show the driver has held it for the minimum period, then they must provide evidence, such as:

ID requirements

Do I need to bring proof of identification?

Other requirements

Will I need to give a pre-authorisation or pay a security deposit?

Yes, you must give us a pre-authorisation on your payment card before we release the

vehicle to you. A pre-authorisation holds money in your account.

What do I need to do to give a pre-authorisation or security deposit?

You'll need to give us a payment card in your own name that has enough money available on it. Find out more: see the "Payments Options" section in this document.

How much is the pre-authorisation?

The amount of the pre-authorisation taken on pick-up of the rental vehicle is calculated as follows:

(The vehicle rental price* + EUR 200 (or if applicable, the equivalent amount in your local currency) MINUS (Any sum you have already paid when making a "Pay Now" booking)

* The "vehicle rental price" includes the vehicle rental cost and all optional extras you've requested, calculated at the start of the rental based on the intended length of the rental. For the avoidance of any doubt, any "Pay at Location" amount you owe in relation to the vehicle rental (including any optional extras) will be included as part of the pre-authorisation and will be charged to you at the end of the rental (using the card provided for the purposes of the pre-authorisation, unless agreed otherwise).

** If you buy our "Fuel Up Front" product, we will reduce the EUR 200 (or if applicable, the equivalent amount in your local currency) by the amount we charge you for the "Fuel Up Front" product

The EUR 200 (or if applicable, the equivalent amount in your local currency) is included as part of the pre-authorisation in case we have to charge you at the end of the rental for any of the following:

- i. costs to refuel the vehicle (where relevant);
- ii. additional rental charges in circumstances where you fail to return the vehicle or any optional extras at the end of the agreed rental period [or to the agreed return location];

- iv. costs incurred as a result of exceeding any relevant mileage restrictions.

Where the pre-authorisation we take does not cover the charges you incur, we will request you make a further payment for the additional amounts owed.

Fuel charges

Fuel and hybrid vehicles

Should I bring the vehicle back with a full tank of fuel?

Yes. The vehicle will normally be supplied with a full tank of fuel. You must return it to us with the same amount of fuel it had in it when you picked it up - usually a full tank - as shown on the factory-installed fuel gauge. We recommend you fill up as close to the return location as you can on the return date, and keep the receipt to show us. If you don't return the vehicle with a full tank - and you can't show us a receipt for fuel - we will charge you.

Fuel Options

I plan to travel more than 120 km, and want peace of mind, do you have a fuel option for me?

Yes, with Fuel Up Front you pay for a full tank of fuel, based on the manufacturer's stated fuel tank capacity for your vehicle - plus our costs of refuelling the vehicle for you. Then you just return the vehicle with whatever's left in the tank (even if it's virtually empty) so long as the engine still runs.

How do I calculate the cost of Fuel Up Front?

Depending on where you're renting, this cost could be up to 3,00 PLN per liter below the average fuel price at the start of your rental period - as stated on this EU fuel index: <http://www.paliwa.pl/monitoring-cen-paliw/wszystko-o-cenach>. However, you don't get a refund for any fuel you don't use, unless you return the vehicle with a full tank of fuel, in which case we will refund the Fuel Up Front charge.

Can I get Fuel up Front at any time?

No, if you want to take advantage of Fuel Up Front, you must ask for it during the

booking process or when you pick up the vehicle.

I plan to travel less than 120 km, do I still need to fill up?

Yes, often the fuel gauge still indicates "full" so we ask you to fill up the tank near to the return location and show us a copy of the receipt. If you don't have time to fill up the tank, or can't show us a receipt, we will apply EZ Fuel to cover our costs of refuelling the vehicle for you.

How much is EZ Fuel?

You pay fixed fee of 61,50 PLN.

What are my options if I don't return the vehicle full and haven't bought Fuel up Front?

Pay on Return will apply if you have driven more than 120 kilometres and:

- o Don't buy Fuel Up Front

- o Don't return the vehicle with a full tank

How do I calculate the cost of Pay on Return?

You pay for fuel based on the factory-installed fuel gauge rounded down to the nearest eighth (1/8) of a tank. This is based on the manufacturer's stated fuel tank capacity.

We charge between two and three times the average fuel price at the end of the rental period for Poland- as stated on this EU fuel index:

<http://www.e-petrol.com.pl/international-market/fuel-prices-in-europe>. The price per litre will be stated on your rental agreement. This charge covers our cost of driving to the nearest petrol station at short notice, and potentially delaying the next customer's rental.

Electric vehicles

How much battery charge should I return an electric vehicle with?

You must return the vehicle with at least a 70% battery charge, or the same % battery charge as it had at time of pick-up.

What am I charged if I fail to return an electric vehicle with the required 70% battery charge, or the same % battery charge as it had at time of pick-up?

We charge a fixed amount dependent on the battery life showing on the factory-installed battery gauge. This is the "Pay on Return" rate. The amounts charged are set out below:

Battery Charge

Fixed Cost (inclusive of VAT)

If you return the electric vehicle with 70% or more battery charge.

No Cost.

If you return the electric vehicle with between 11% - 69% battery charge.

PLN 89.56

If you return the electric vehicle with 10% or less battery charge.
