Fuel charges

Fuel and hybrid vehicles

Should I bring the vehicle back with a full tank of fuel?

Yes. The vehicle will normally be supplied with a full tank of fuel. You must return it to us with the same amount of fuel it had in it when you picked it up - usually a full tank - as shown on the factory-installed fuel gauge. We recommend you fill up as close to the return location as you can on the return date, and keep the receipt to show us. If you don't return the vehicle with a full tank - and you can't show us a receipt for fuel - we will charge you.

Fuel Options

I plan to travel more than 120 kilometres, and want peace of mind, do you have a fuel option for me?

Yes, with Fuel Up Front you pay for a full tank of fuel, based on the manufacturer's stated fuel tank capacity for your vehicle - plus our costs of refuelling the vehicle for you. Then you just return the vehicle with whatever's left in the tank (even if it's virtually empty) so long as the engine still runs.

How do I calculate the cost of Fuel Up Front?

Depending on where you're renting, we charge the average fuel price at the start of your rental.

For further details on the price for Fuel up Front, please contact the rental station. However, you don't get a refund for any fuel you don't use.

Can I get Fuel up Front at any time?

No, if you want to take advantage of Fuel Up Front, you must ask for it during the booking process or when you pick up the vehicle.

I plan to travel less than 120 kilometres, do I still need to fill up?

Yes, often the fuel gauges stills look "full" so we ask you to fill up the tank near to the return location and show us a copy of the receipt. If you don't have time to fill up the tank, or can't show us a receipt, we will apply EZ Fuel to cover our costs of refuelling the vehicle for you.

How much is EZ Fuel?

Depending on where you're renting, you pay of fixed fee of between CHF 18.00 and CHF 21.60.

What are my options if I don't return the vehicle full and haven't bought Fuel up Front?

Pay on Return will apply if you have driven more than 120 kilometres and:

o Don't buy Fuel Up Front

o Don't return the vehicle with a full tank

How do I calculate the cost of Pay on Return?

You pay for fuel based on the factory-installed fuel gauge rounded down to the nearest eighth (1/8) of a tank. This is based on the manufacturer's stated fuel tank capacity.

We charge between 1.5 and three times the average fuel price at the end of the rental period plus an administration fee of CHF 20.00. The price per litre will be stated on your rental agreement. This charge covers our cost of driving to the nearest petrol station at short notice, and potentially delaying the next customer's rental.

Electric vehicles

How much battery charge should I return an electric vehicle with?

You must return the vehicle with at least a 70% battery charge, or the same % battery charge as it had at time of pick-up.

What am I charged if I fail to return an electric vehicle with the required 70% battery charge, or the same % battery charge as it had at time of pick-up?

We charge a fixed amount dependent on the battery life showing on the factory-installed battery gauge. This is the "Pay on Return" rate. The amounts charged are set out below:

Battery Charge

Fixed Cost (inclusive of VAT)

If you return the electric vehicle with 70% or more battery charge.

No Cost.

If you return the electric vehicle with between 11% - 69% battery charge.

CHF 28.82

If you return the electric vehicle with 10% or less battery charge.

CHF 50.95

Many of our vehicles are provided with unlimited mileage. If a mileage allowance applies, it will be stated on your rental agreement and in your booking confirmation email. Roadside Assistance

What happens if I break down because of a mechanical failure?

So long as you're using the vehicle in a country we've agreed to, we provide roadside assistance or recovery free of charge. You can only use our roadside assistance provider to help you. You'll find their contact details inside the vehicle.

What happens if I break down because of a non-mechanical failure or in another country?

You must tell us if you break down or have an accident. If you need roadside assistance, we will arrange this for you but you will have to pay for it. You will also be charged for any costs we incur getting the vehicle back on the road in the country of rental. This may include, but is not limited to:

I want to keep the vehicle for longer, what should I do?

If you want to extend the rental please contact us as soon as possible. At the latest, this should be before the end date and time on your rental agreement. Extra days will be charged at 'pay at location' prices.

What happens if I don't extend the rental?

If you fail to extend your rental and are late returning the vehicle, we will charge you for an extra day's rental plus a late return administration fee for each day or part of a day until the vehicle is returned.

If you fail to extend your rental and are late returning the vehicle, we will on the third day after your agreed return date pre-authorise payment for an additional 5 days' rental charge on your debit card or, 10 days if you are using a credit card, at 'pay at location' prices. If you return the vehicle within those 5 or 10 days (whichever applies), you will only be charged for your actual rental days, plus any other charges you owe us.

If you fail to return your vehicle as agreed, we will also charge you a late return administration fee for each day or part of a day until the vehicle is returned.

The late Return Administration fee is CHF 20.00 per day.
